## Primary School

### Pupil Premium

#### **What is the Pupil Premium?**

This is funding given to schools for every child who has free school meals. The government provides this funding because it believes there is a strong link between the financial background of families and their children's achievement.

#### **How does the school access the money?**

School completes a census several times a year indicating how many children have free school meals. The funding is multiplied by the number of children.

#### **How can I find out if my child is eligible for free school meals and the Pupil Premium?**

Please ask at the office as we can answer your questions and help you apply for free school meals.

#### **Can my child still benefit from the Pupil Premium even if they are on packed lunches?**

If your family is eligible for free school meals but your child chooses to have packed lunches, school will still receive the Pupil Premium funding.

#### **Will my child lose the Pupil Premium funding if they stop having free school meals?**

No, the school continues to receive the funding for 6 years. If your child moves onto high school in that time, the high school would receive the continued funding. This is called EVER6 funding.

#### **What is the Pupil Premium spent on?**

Schools have the freedom to decide what the funding is spent on as different schools receive different amounts. The only criterion is that it impacts upon the achievement of those children and enables them to succeed in the same way as other children. Ofsted will check on the impact of the funding on the progress of these children.

#### **How has Gillibrand Primary spent its Pupil Premium funding?**

Overleaf are the details of spending for 2016 - 2017

If you would like to know any more about this, please let me know.

## Summary of spending:

### Pupil Premium Grant expenditure 2016- 2017:

Our school received £73,180 in the form of 'Pupil Premium' in the financial year 2016 – 2017. This has been allocated to cover the following costs;

Each class has additional adult support – 15hrs (morning) & Intervention support (afternoons).

Counselling services employed to support children in need.

Specialist Teacher employed to support TAs and teachers with IEPs / fulfil Statement legal requirements (1:1 teaching) / complete assessments.

We actually spend £120,294 in this area, funding the shortfall from our School Budget. This reinforces how highly we regard this area of pupil development.

Over recent years the outcome performance of our pupil premium children has been outstanding as noted in our last Ofsted inspection and recognised by the Pupil Premium Award received by school in 2015. We are highlighted by the DfE as a school with outstanding practice and results relating to pupil premium children.

### Impact of Spending

Reading 2016 disadvantaged =5 children	Disadvantaged pupils % achieving expected progress	Other pupils % achieving expected progress	National other pupils % achieving expected progress
